## Christine Hinojosa, Principal

### Annual School Performance Report– 2015-16

Families and the community are vital to the success of our students. You are invited to become an active part of our school. Your involvement will help children understand how important education is, serve as a role model, teach children that your input is

appreciated, increase your understanding of the school system and help improve and enhance each student's educational experience. If you would like to become involved, please contact our school office.

Asian ..... 1.9%  
Black/African American ..... 1.4%  
Pacific Islander ..... 0.8%  
White ..... 80.5%  
Two or more races ..... 2.7%

## Facility Use

The current Arlington High School building was dedicated on Aug. 30, 2003, replacing the former 1936 structure. The site consists of 243,006 square feet with 70 classrooms, eight science labs, two shops, two art rooms, one band room, one choir room, four business computer labs and a sports medicine classroom/lab. The school has a separate agriculture building, commons, main gym, auxiliary gym and has internet access to all classrooms. Our outside recreational area includes four baseball and softball fields, eight tennis courts and a state-of-the-art, all-purpose stadium. Additionally, the AHS site is home to the 673 seat "Linda M. Byrnes Performing Arts Center" (BPAC), a state-of-the-art performance hall which opened in the spring of 2007.

## Washington State Report Card

The Washington State Report Card provides school data at the state, school district and school building level. The report card includes information like assessment results, teacher qualifications and other information. View the report card at [reportcard.ospi.k12.wa.us](http://reportcard.ospi.k12.wa.us). You can also visit your child's school if you don't have access to a computer.

## School Improvement Plan

Arlington High School is focused this year on preparing students for career and college readiness, and on providing support for Core 24 graduation requirements. This means building in support systems for all students as well as adding enrichment opportunities to help students prepare for their individual pathways. Our staff is working on making high school and beyond planning accessible to

grades 9-12. To help us meet the needs of all students our teachers and administrators are learning best practices in increasing attendance, reducing out of school suspensions, and helping students who have adverse childhood experiences. Together we are working to provide the support needed to get our students ready for high school graduation and post-secondary success.
