

TARGETING CONCEPTS

Target Area

Target Path

*Target Area to Target Area
Searching*

TARGETS

- *Target Area*-the driving environment to the left and right of the target
- *Travel Path*-the path the vehicle actually travels
- *Targeting Path*-the actual space you expect your car will be when you first see the target

WHY LEARN TARGET USAGE?

- *HELPS DRIVERS TO VISUALIZE THE SPACE THEY INTEND TO OCCUPY.*
- *BEGIN TO USE A SEARCHING PROCESS.*
- *GETS THE DRIVER TO LOOK FAR AHEAD.*
- *ALLOWS THE DRIVER TO PLAN AHEAD*
- *INCREASES STEERING ACCURACY*

On Target, Off-Target

*You should demonstrate the ability
to select a target and aim the car
accurately toward it .*

Targeting Concepts

What is a Target?

A target is a fixed object that appears in the center of the path you intend to drive

Vision Characteristics
