Hispanic/Latino of any race (s) ..... 10.7%  
American Indian/Alaskan Native ..... 1.2%  
Asian ..... 2.2%  
Black/African American ..... 1.4%  
Pacific Islander ..... 0.7%  
White ..... 80.6%  
Two or more races ..... 3.3%

## Facility Use

The current Arlington High School building was dedicated on Aug. 30, 2003, replacing the former 1936 structure. The site consists of 243,006 square feet with 70 classrooms, eight science labs, two shops, two art rooms, one band room, one choir room, four business computer labs and a sports medicine classroom/lab. The school has a separate agriculture building, commons, main gym, auxiliary gym and has internet access to all classrooms. Our outside recreational area includes four baseball and softball fields, eight tennis courts and a state-of-the-art, all-purpose stadium. Additionally, the AHS site is home to the 673 seat "Linda M. Byrnes Performing Arts Center" (BPAC), a state-of-the-art performance hall which opened in the spring of 2007. You are invited to become an active part of our school.

## Survey Results

A summary of the district's 2017 strategic plan survey can be seen here:

## Student Assessment Result Comparisons

## Washington State Report Card

The Washington State Report Card provides school data at the state, school district and school building level. The report card includes information like assessment results, teacher qualifications and other information. View the report card at [reportcard.ospi.k12.wa.us](http://reportcard.ospi.k12.wa.us). You can also visit your child's school if you don't have access to a computer.

## School Improvement Plan

For 2017-18, Arlington High School will narrow its focus to increase the potential for success, for every student. With this in mind our School Improvement Plan will be centered on two primary goals:

- 9th Grade Success Rates – Every freshman on-time for graduation heading into 2018-19
- Campus Culture and Building a Safe and Caring Environment – Using Equity as our lens

To best accomplish our building goals, we will engage our students and community stakeholders, align our resources and utilize research-based practices to ensure every student finds his or her connection to AHS while advancing toward on-time graduation. The freshman year is often called the "most important year" for high school as students establish the foundation for which their future is built upon. According to the OSPI, "students who end their ninth-grade year on-track are four times more likely to graduate from high school than those who are off track."
