

Emergency Vehicles

Emergency Vehicles with lights and/or sirens

Emergency Vehicle

Approaching from the Rear

- Change lanes to the right if possible
- Stop your vehicle safely out of the way
- Wait for the emergency vehicle to pass
- Proceed staying at least 500 feet behind the emergency vehicle

Emergency Vehicle

Meeting an Oncoming Emergency Vehicle

- Change lanes to the right if possible
- Slow your vehicle
- Wait for the emergency vehicle to pass
- Proceed safely

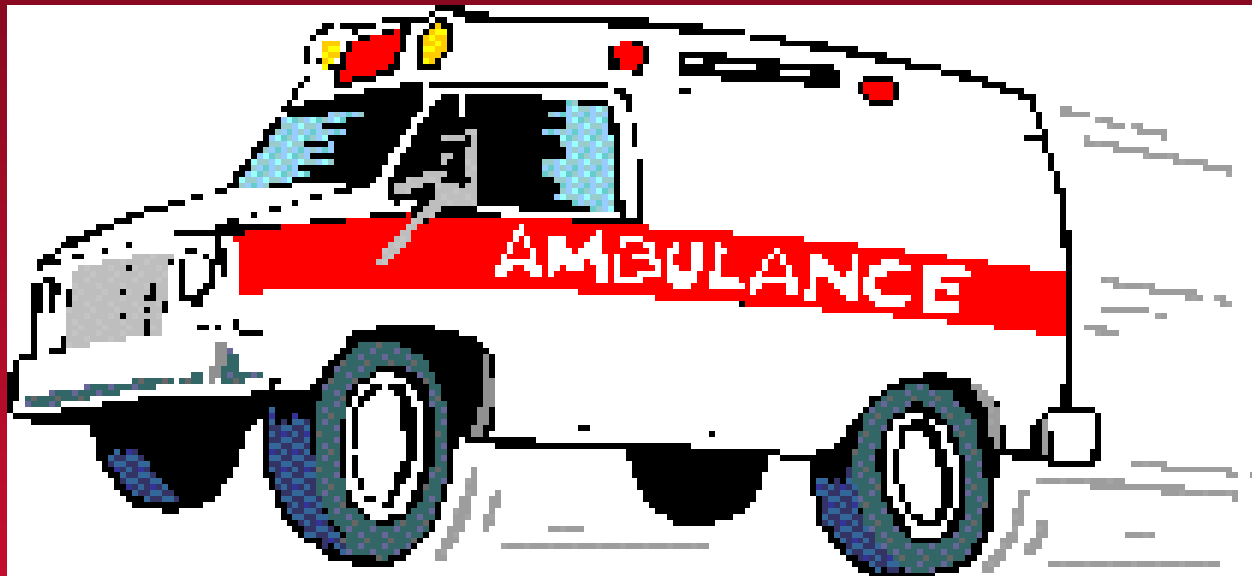

Emergency Vehicle

Stopped at an Intersection

- Check the position of the emergency vehicle in your rear-view mirror
- Remain stationary until it passes
- If the emergency vehicle needs to use your lane, check traffic and clear its path

Emergency Vehicles with no lights or sirens

Emergency Vehicle

- Behind, oncoming or at an intersection without sirens or lights continue normal driving.
